Blum Clip Top Mounting Plate - Cruciform - Nickel - 0mm

Variant code: 175L8300

Blum Clip Top Mounting Plate - Cruciform - Nickel is designed to provide secure and precisely aligned hinge fixing within the Blum CLIP top system. Engineered for use with compatible CLIP top hinges, this mounting plate ensures stable attachment and consistent door positioning across a wide range of cabinet constructions. Manufactured from durable steel with a protective **nickel-plated finish**, it delivers dependable long-term performance in residential and light commercial cabinetry.

The **cruciform mounting plate design** provides accurate screw positioning and secure fixing to the cabinet side panel. Its straightforward screw-on installation method ensures reliable mechanical retention, while full compatibility with Blum CLIP top hinges allows tool-free hinge attachment and removal for efficient fitting and adjustment.

The **0mm height configuration** provides a neutral hinge offset between the cabinet side and hinge arm. When correctly paired with the appropriate hinge type, this ensures accurate overlay calculation, precise door projection and consistent alignment across the cabinet run.

Product Features

- Designed for **Blum CLIP top hinge systems**
- **Cruciform mounting plate design**
- **0mm height configuration**
- Secure screw-on fixing to cabinet side panel
- Durable **nickel-plated steel finish**
- Compatible with **tool-free CLIP top hinge attachment**
- Engineered for precise door alignment

Product Benefits

- Ensures stable and secure hinge mounting
- Supports accurate door positioning and consistent reveals
- Provides correct hinge offset for overlay calculations
- Integrates seamlessly within the Blum

hinge platform
- Maintains long-term structural reliability
- Suitable for residential and light commercial cabinetry

Technical Characteristics

- **0mm plate height** determines final hinge positioning
- Requires accurate cabinet side panel preparation
- Designed for use with compatible **Blum CLIP top hinges**
- Steel construction with protective nickel finish
- Correct hinge and plate pairing ensures optimal door performance

Applications

This mounting plate is intended for cabinet installations requiring a **0mm hinge offset** within the Blum CLIP top system. It is commonly specified in overlay cabinet constructions where precise door projection and alignment are essential. Suitable for kitchens, bedrooms, storage units and bespoke fitted furniture, it provides reliable hinge mounting and consistent alignment in both residential and light commercial environments.

Property	Value
Finish	Nickel
Mounting Plate Type	Cruciform
Fixing Type	Screw-on
