## PIXEL OB

surface LED luminaire with asymmetrical light projection

PIXEL OB is a micro spotlight with asymmetrical light projection for surface installation. With a 20° inclined support, PIXEL is installed on any vertical surface, easily hiding the power cable of the luminaire at the back of the shelf. It is mounted simply by fixing the spacer with the two screws supplied, then applying the spotlight and pressing lightly.

black touch

satin nickel

This product contains a light source of energy efficiency class **F**.
