1" Handmade Nail - 16mm Head Diameter - Beeswax

Variant code: 33191

Our collection of nails and studs are highly decorative and are often used to enhance furniture or add character to entrance doors.

- Available in four different sizes.
- Sold in singles.

Our beeswax finish is the most authentic finish for steel. After forging, the colours left in the steel range from blue to deep red ochre. To preserve these beautiful colours, our beeswax products are dipped into hot beeswax. This gives a subtle, matt richness to the metal and offers excellent protection when the products are fitted internally and properly maintained. An extremely natural finish and a far softer alternative to a black powder coated finish.
