Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Arm Cover Plate Half Overlay - Black Nickel

Variant code: ACH09300BN

Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Arm Cover Plate Half Overlay - Black Nickel is designed to conceal and protect the exposed hinge arm in half overlay concealed hinge installations, enhancing both durability and cabinet presentation. Manufactured by **Sugatsune**, a globally recognised specialist in precision architectural and furniture hardware, this cover plate provides a clean and refined finishing detail while maintaining full compatibility with heavy-duty concealed hinge systems.

The cover plate fits securely over the hinge arm to **hide visible mechanical components**, creating a more uniform and professional cabinet interior. By reducing exposed hardware, it improves overall aesthetics while also helping to protect the hinge mechanism from dust, debris and incidental contact during everyday use, supporting consistent long-term performance.

Designed specifically for **half overlay cabinet door applications**, the cover plate integrates seamlessly with compatible Sugatsune concealed hinges without affecting hinge movement or door operation. Its precision fit ensures full functionality is maintained while enhancing the visual finish of the hinge installation, particularly in multi-door configurations.

Finished in a **Black Nickel coating**, the cover plate delivers a modern, darker aesthetic suited to contemporary cabinetry and coordinated hardware schemes. The durable finish offers resistance to wear while maintaining a consistent and high-quality appearance across cabinet interiors.

Product Features

- Designed to **conceal hinge arm components**
- Compatible with **heavy-duty concealed hinge systems**
- **Half overlay application compatibility**
- **Black Nickel finish** for contemporary

cabinetry
- Helps protect hinge components from dust and contact
- Precision fit without affecting hinge performance

Product Benefits

- Creates a clean and refined cabinet interior appearance
- Enhances the visual quality of hinge installations
- Protects hinge mechanisms from wear and debris
- Maintains consistent hinge performance over time
- Supports coordinated dark hardware design schemes
- Suitable for residential and commercial cabinetry

Technical Characteristics

- Cover plate for concealed hinge arm protection
- Designed for half overlay cabinet hinge configurations
- Compatible with Sugatsune heavy-duty concealed hinges
- Black Nickel surface finish
- Snap-on or push-fit installation over hinge arm
- Suitable for internal cabinet applications

Applications

This hinge arm cover plate is used in cabinetry where half overlay concealed hinges are installed and a clean, professional finish is required. It is commonly specified in kitchens, wardrobes, office furniture and commercial joinery projects where both durability and appearance are important. The Black Nickel finish makes it particularly suitable for contemporary interiors and coordinated dark hardware schemes.
