

## 19mm Straight Lever Handles on Un-Sprung Rose – 52 x 4mm – Satin Stainless Steel

Variant code: 1035.19.01.SSS

The **19mm Straight Lever Handles on Un-Sprung Rose** offer a clean, contemporary design combined with the strength and durability of premium stainless steel construction. Featuring a **19mm diameter straight lever** mounted on a slim **52 x 4mm un-sprung round rose**, these architectural door handles are ideal for modern residential and commercial interiors where minimalist styling and dependable performance are required. Finished in **Satin Stainless Steel (SSS)**, they provide excellent corrosion resistance and a refined professional appearance.

Manufactured from high-quality stainless steel, these lever handles are designed to withstand frequent use while maintaining their attractive satin finish. The slim 4mm rose creates a low-profile, contemporary aesthetic with concealed fixings for a neat installation. The un-sprung rose design makes these handles suitable for use with compatible heavy-duty mortice latches or locks that incorporate their own spring mechanism, ensuring smooth and reliable operation.

Suitable for professional joinery, commercial developments and domestic installations, the 19mm Straight Lever Handles deliver a stylish and durable hardware solution for internal doors across a wide range of applications.

---

### Product Features
