24v 36-72w POLY Control Module For PIR & Door Proximity Sensors - 95 x 55mm

Variant code: LSS24723

POLY control module.

The control module, wired with a cable for connection to a 24V DC power supply, is provided with a distributor integrating 10 Micro24 connectors and a set-up change button. POLY has three slots for accommodating LSS2408IR sensors with end-stroke or ON-OFF and dimmer function, and LSS2408PIR motion detection sensors.

The control module is supplied with a default set-up for using back-of-door LSS2408IR (proximity) sensors.
