

24v ATOM LED Under Cabinet Surface Straight Light with TOM Controller & 30w Power Supply – Warm White – Satin Nickel – 3 Pack

Variant code: LLADK24330WSPSNWW

The ATOM LED is a spotlight designed for recessed installation in a hole $\varnothing 57\text{mm}$ just 8mm deep. It can also be surfaced mounted or angled when the correct spacer is applied. It is installed on wood panels with both through and blind holes.

The ATOM LED incorporates a special LED module with LPG diffuser, ensuring a uniform projection beam without the dot effect.

Choose from Neutral or Warm white light.

- Sold individually or in kits of 3 or 6 spotlights
- Choose from the following kits:
- Straight application – Kits include spacers allowing the ATOM to protrude 12mm from the surface
- Angled application – Kits contain Angled spacers allowing the ATOM to be installed at an angle of 20°
- Recessed application – Kits do not include spacers
- TOM Recessed Micro Touch Dimmable Switch
- 30w Power Supply

Led converter not included.

This product is also available with a colour temperature control.
