

24v 4.5w HOLL Touch LED Under Cabinet Surface Light 2700-4000k – 76mm ø x 12.5mm – Temperature Changing – Black

Variant code: LHOT24076BKCT

HOLL Touch LED is a luminaire with perimeter light source integrated in a support installed in a blind groove with touch dimmer master switch.

The 2000 mm power cord output with Micro24 connector is axial or radial to the installation surface.

The touch dimmer switch enables the individual luminaire and those connected to the output cable of HOLL Touch to be switched on and off, and the brightness to be adjusted (5-100%).

Available in black and silver finishes and in the configuration with Temperature Changing light source.

Features include:

- Power – 4.5w
- Materials – thermoplastic polymers, polycarbonate
- Installation – recessed
- Application type – under cabinet/shelf
- Colour appearance – temperature changing
- Finish – black or silver

LED converter sold separately.
