24v VEGA LED Under Cabinet Surface Light with 30w Power Supply 3900k - Neutral White - Black - 3 Pack

Variant code: LLVK24330WBKNW

The **24V 5W VEGA LED Under Cabinet Surface Light** is an ultra-slim LED luminaire designed to provide elegant, uniform illumination for modern furniture, cabinetry and display applications. Manufactured entirely from **aluminium** with a contemporary **black finish**, the VEGA measures just **5mm thick**, making it an ideal lighting solution where a discreet, minimalist appearance is required.

Featuring an advanced **LGP (Light Guide Plate) LED cluster**, the VEGA delivers a broad, diffused light projection without the visible LED dot effect commonly associated with standard LED fittings. Designed for rapid installation, the luminaire can be mounted directly onto a surface or wall using just **two fixing screws**, while the power cable can be concealed behind the cabinet, eliminating the need for complex machining or large cable holes.

Available in **Warm White** and **Neutral White**, the VEGA can be purchased individually or as complete kits containing either **three spotlights with a 30W power supply** or **six spotlights with a 60W power supply**, providing flexible solutions for a wide range of furniture lighting projects.

Product Features

- Ultra-slim 24V LED under cabinet surface light
- Power consumption: 5W
- Manufactured entirely from aluminium
- Stylish black finish
- Only 5mm thick for a discreet installation
- Advanced LGP LED cluster technology
- Broad, diffused light output with no visible dot effect
- Quick surface or wall installation using two screws
- Rear cable exit for concealed wiring
- Dimensions: 170 x 50 x 5mm

Product Benefits

- **Creates smooth, uniform illumination without visible LED hotspots**
- **Ultra-slim 5mm profile delivers a clean, contemporary appearance**
- **Quick two-screw installation minimises fitting time and furniture preparation**
- Rear cable routing allows for a neat, concealed installation
- Durable aluminium construction provides long-lasting performance
- Black finish complements modern kitchens, wardrobes and contemporary interiors
- Flexible purchasing options with individual fittings or complete kits
- Suitable for both residential and commercial furniture lighting applications

Technical Characteristics

- Product Type: LED Under Cabinet Surface Light
- Model: VEGA
- System Voltage: 24V DC
- Power: 5W
- Construction: Aluminium
- Finish: Black
- Lighting Technology: LGP (Light Guide Plate) LED Cluster
- Colour Temperature Options: Warm White or Neutral White
- Installation: Surface or Wall Mounted
- Fixing Method: Two Screws
- Dimensions: 170 x 50 x 5mm
- Available Formats: Individual fitting, 3-light kit with 30W power supply, or 6-light kit with 60W power supply

Applications

The **24V 5W VEGA LED Under Cabinet Surface Light** is ideal for **kitchen cabinets, wardrobes, shelving, display cabinets, office furniture, retail displays, hotel interiors and bespoke joinery**. Its ultra-slim design, premium aluminium construction, diffused glare-free illumination and quick surface mounting make it an excellent choice for professional furniture lighting installations where both aesthetics and performance are essential.
