

5mm Turn & Release On Round Rose – Polished Chrome

Variant code: FB.004.CP

The **5mm Bathroom Turn & Release on Round Rose** is a stylish privacy locking accessory designed for use with bathroom and WC doors. Featuring a contemporary **Polished Chrome (PC)** finish, this turn and release set provides smooth, reliable operation while complementing modern door furniture and architectural ironmongery. Its minimalist round rose design makes it an ideal choice for both residential and commercial interiors.

Manufactured from high-quality materials for durability and long service life, the turn and release is designed for use with **5mm bathroom mortice locks**. The internal thumbturn allows easy locking of the door, while the external emergency release provides safe access when required. The polished chrome finish delivers a bright, reflective appearance that is easy to maintain and coordinates with matching handles, hinges and door accessories.

Suitable for new installations and refurbishment projects, the 5mm Bathroom Turn & Release on Round Rose provides an attractive, dependable and practical privacy locking solution for bathrooms, cloakrooms and washrooms.
