

## 60mm Std. Nightlatch Antique Brass Finish

**Variant code: NL3060.AT**

Made from Solid Brass. The 60mm size refers to the distance from the outside edge of the door to the location of the centre of the keyhole on the cylinder. Sliding the button on the nightlatch will hold the bolt in either the open or closed position. All fixing screws and fasteners included.

| Property             | Value         |
|----------------------|---------------|
| Finish               | Antique Brass |
| Backplate width (mm) | 60            |
