

LED Slim Aluminium Profile – 2000mm – inc Frosted Slide-on Diffuser

Variant code: LLP01100ALFR.2000

LED Slim Aluminium Profile – 2000mm – inc White Slide-on Diffuser

Illuminate Your Space with Sleek Elegance:

Introducing our premium LED Slim Aluminium Profile, designed to seamlessly integrate into any modern decor. This 2000mm profile boasts a sleek and minimalist design, crafted from high-quality aluminium for exceptional durability and a sophisticated finish.

Key Features:

Effortless Installation: Easy to install and maintain, this profile is compatible with a wide range of LED strip lights.

Superior Heat Dissipation: The aluminium construction ensures efficient heat dissipation, protecting your LED strip lights and maximising their lifespan.

White Diffuser: The included white slide-on diffuser provides a soft, even glow, eliminating harsh glares and creating a comfortable ambiance.

Versatile Applications: Ideal for accent lighting, under-cabinet lighting, cove lighting, and more. Perfect for residential, commercial, and hospitality settings

Elegant Design: The slim profile and clean lines add a touch of modern sophistication to any space.

Elevate Your Lighting Experience:

Transform your space with our LED Slim Aluminium Profile. Experience the perfect blend of functionality and style. Order yours today!
