

ARGENTA – Invisible Concealed NEO 3D Adjustable Hinge – L7 – Stainless Steel Effect

Variant code: NEO-L7SSS

The Argenta Invisible NEO is a series of hinges with an exceptionally high finish: not a single screw is visible.

You can adjust these hinges with precision easily, flexibly, and quickly, thanks to the built-in height-adjustment system. This unique system means you no longer need to put any wedges under the door to set the height. The hinge casing in the door can be assembled beforehand in the workshop.

- Pure and qualitative design
- No visible screws
- 3 sizes available: S-5, M-6 (FD30 Available) & L-7 (FD30 & FD60 Available)
- Universal: For Left and Right hand opening doors
- "Easy-Hook": Installation and 3D adjustable by one person
- Extra simplified height adjustment: No wedge required
- 180 degree opening angle
- 3D adjustable (height, width, and depth) without taking the door off

Invisible neo L-7

- Door Thickness: min. 40 mm
- Door Weight (2 pcs) : up to 100kg
- Door Weight (3 pcs) : up to 150kg
