

ATOM 20° Angled Surface Mount Spacer 70.5mm ø x 32mm – Satin Nickel

Variant code: LLA240602SN

This spacer allows for the ATOM LED spotlight to be installed surface mounted at an angle of 20°.

Please note ATOM light fixing is not included.

The ATOM LED is a spotlight designed for recessed installation in a hole Ø57mm just 8mm deep.

It is installed on wood panels with both through and blind holes.

The ATOM LED incorporates a special LED module with LPG diffuser, ensuring a uniform projection beam without the dot effect.

Neutral white. Available in White, Black and Satin Nickel finish.

Led converter not included.

This product is also available in the version with colour temperature control.
