

## Blum Aventos HK-S Open Angled Stop – 75°

Variant code: 20K7A11

### Elevate Your Overhead Cabinetry with the Aventos HK-S Open Angled Stop: Precision & Smooth Functionality

Transform your kitchen, workshop, or office with the Aventos HK-S Open Angled Stop, a premium solution for effortless and controlled overhead cabinet door movement. This compact yet powerful fitting provides unparalleled precision and smooth functionality, ensuring your wall cabinets open and close with a touch of elegance.

#### Why Choose the Aventos HK-S Open Angled Stop?

- **Precise Angled Opening:** Designed for cabinets with angled fronts, the HK-S Open Angled Stop guarantees a consistent and controlled opening angle, maximising accessibility while maintaining a sleek aesthetic.
- **Soft-Close BLUMOTION Technology:** Experience the renowned BLUMOTION technology, delivering silent and effortless closing. Eliminate slamming doors and enjoy a peaceful, refined environment.
- **Variable Stop Position:** The integrated variable stop allows you to pre-set the desired opening angle, providing customised access and preventing accidental collisions with ceilings or adjacent cabinets.
- **Compact & Discreet Design:** The HK-S Open Angled Stop's compact size ensures minimal visual impact, allowing your cabinet design to take centre stage.
- **Easy Installation & Adjustment:** Streamlined installation and intuitive adjustment mechanisms simplify the process, saving you time and effort.
- **Durable & Reliable Performance:** Built with high-quality materials, the Aventos HK-S Open Angled Stop is designed for long-lasting durability and reliable performance, ensuring years of smooth operation.

- **Enhanced Cabinet Accessibility:**  
Optimises access to the contents of your overhead cabinets, making everyday tasks more convenient.
- **High Quality Blum Product:** As a product from Blum, you know you are getting a top of the line product.

**Ideal for:**

- Kitchen wall cabinets with angled fronts
- Workshop overhead storage
- Office storage solutions
- Custom furniture projects

Opening angle stops to restrict door opening. Box sizes are shown to give a guide on quantity per box, please note that items are priced individually.
