Blum Aventos HK Top Cover Cap Set - Light Grey

Variant code: 22K8000LG

Blum Aventos HK Top Cover Cap Set is a **decorative cover cap solution** designed to conceal and protect the visible components of Aventos HK lift systems. Manufactured by Blum, a globally recognised brand in furniture fittings, this cover cap set enhances cabinet aesthetics while supporting the long-term performance of lift mechanism components.

The caps are designed to clip securely over the lift mechanism arms, creating a clean and consistent internal cabinet finish. In addition to improving visual appearance, they help reduce exposure to dust and minor contamination, supporting the durability of the system. Available in **dark grey, light grey and silk white finishes**, the set allows for alignment with different cabinet styles and Blum system colour schemes.

The **clip-on design** enables quick and tool-free installation, making the caps suitable for both new cabinetry and retrofit applications. As part of the wider Aventos HK system, they integrate seamlessly with compatible lift mechanisms and fittings to deliver a coordinated and professional result.

Product Features

- **Cover cap set for Blum Aventos HK lift systems**
- Designed to conceal visible lift mechanism components
- **Available in multiple finishes** to match cabinet interiors
- Clip-on design for fast and tool-free installation

reducing exposure to contaminants
- Simplifies installation with quick-fit design
- Maintains visual consistency across Blum fittings
- Suitable for both new installations and upgrades

Technical Characteristics

- Designed for Aventos HK lift system applications
- **Clip-on fixing method** for secure attachment
- No tools required for installation
- Available in dark grey, light grey and silk white finishes
- Durable plastic construction
- Store in a clean, dry environment prior to installation

Applications

Blum Aventos HK Top Cover Cap Set is suitable for residential and commercial cabinetry where Aventos HK lift systems are installed. Typical applications include kitchen wall cabinets, overhead storage units and fitted furniture. The range of finishes allows designers and installers to match cabinet interiors, making these cover caps particularly useful in projects where visual consistency and a refined finish are required.
