

Blum Aventos HK Top Lift Mechanism – Tip-on – Power Factor = 930–2800

Variant code: 22K2500T

Effortless Upper Cabinet Access with the Aventos HK Top Tip-On Lift Mechanism (Power Factor 3200–9000) – Austrian Engineering

Unlock seamless, handle-less upper cabinet functionality with the premium Aventos HK Top Tip-On Lift Mechanism. Engineered in Austria, this high-performance lift system provides smooth, silent, and effortless opening and closing of your cabinet doors, enhancing both the aesthetics and practicality of your kitchen, bathroom, or living space.

Key Features & Benefits:

- **Tip-On Technology:** Experience handle-free design perfection. A gentle press on the front is all it takes to open your cabinet door, providing a sleek, minimalist look. Ideal for modern kitchens and furniture.
- **Aventos HK Top Precision:** This lift mechanism is renowned for its exceptional quality and durability, guaranteeing long-lasting, reliable performance.
- **Wide Power Factor Range (3200–9000):** This versatile mechanism accommodates a broad range of door sizes and weights. Precisely adjust the power factor to perfectly match your specific cabinet dimensions, ensuring optimal operation.
- **Smooth & Silent Operation:** Enjoy a quiet and fluid opening and closing motion, elevating the user experience and adding a touch of luxury to your cabinetry.
- **Space-Saving Design:** The Aventos HK Top lifts the door upwards and parallel to the cabinet, maximising usable space and providing unobstructed access to the cabinet's contents.
- **Easy Installation & Adjustment:**

Designed for user-friendly installation and fine-tuning, allowing for precise adjustments to achieve perfect alignment and performance.

- **Austrian Quality:** Manufactured in Austria, this lift mechanism embodies superior craftsmanship and engineering, ensuring exceptional quality and longevity.
- **Ideal for:** Upper wall cabinets, kitchen cabinets, bathroom cabinets, display cabinets, and other furniture applications requiring a handle-less, lift-up solution.
