

Blum Aventos HK-XS Blumotion Lift Mechanism Complete Set – Power Factor 500 – 1500

Variant code: 20K1300.22KRA

**Aventos HK-XS Blumotion Lift Mechanism Set
(Power Factor 500-1500) – Soft-Close Cabinet
Door Lift**

**Effortless Upper Cabinet Access with Smooth,
Silent Blumotion Technology**

Upgrade your kitchen or furniture with the **Aventos HK-XS Blumotion Lift Mechanism Set**, designed for small, lightweight wall cabinets. This premium lift system from Blum delivers exceptional functionality and a touch of luxury with its integrated **Blumotion soft-close** feature. Say goodbye to slamming cabinet doors and hello to quiet, controlled closing every time.

Key Features and Benefits:

- **Blumotion Soft-Close:** Experience smooth, silent, and effortless cabinet door closing, preventing damage and enhancing user experience.
- **Aventos HK-XS Design:** Specifically engineered for small, shallow wall cabinets, providing optimal space utilisation.
- **Power Factor 500-1500:** Versatile power adjustment to accommodate a wide range of door weights and sizes, ensuring reliable performance. (Specify what the power factor means, if you have space. e.g. "This power factor range allows for door weights between X and Y")
- **Easy Installation:** Designed for user-friendly installation, making it ideal for both DIY enthusiasts and professional installers.
- **High-Quality Blum Construction:** Benefit from the renowned durability and precision engineering of Blum hardware.
- **Compact and Discreet:** The HK-XS mechanism remains hidden within the cabinet, maintaining a clean and streamlined aesthetic.
- **Adjustable Opening Angle:** Customise the opening angle to suit your specific

needs and cabinet configuration.

- **Enhanced Cabinet Functionality:** Maximise accessibility and organisation in your upper cabinets.
- **Perfect for Kitchen Cabinets, Bathroom Cabinets, and More:** Versatile application for various furniture projects.

Why Choose the Aventos HK-XS Blumotion Lift Mechanism Set?

This set provides a superior solution for achieving smooth and silent cabinet door operation. The **Blumotion technology** ensures a gentle closing motion, while the adjustable power factor allows for precise customisation. The **Aventos HK-XS** design is perfect for those seeking a compact and efficient lift system for smaller cabinets.
