Blum Aventos Front Fixing Brackets - Suitable for HS/HL/HK Lift Systems - For Wooden Fronts - Nickel

Variant code: 20S4200

Blum AVENTOS Front Fixing Bracket - Wooden Front - Nickel is designed to securely connect cabinet fronts to AVENTOS lift mechanisms, ensuring stable and reliable operation across a range of lift system applications. Engineered as part of Blum's AVENTOS platform, this bracket provides accurate positioning and secure fixing for wooden cabinet doors.

Compatible with **AVENTOS HS, HL and HK lift systems**, the bracket enables consistent integration across multiple lift types, supporting flexible cabinet design and specification. It provides a secure screw-fixed connection to wooden fronts, ensuring reliable performance during repeated opening and closing cycles.

Manufactured from steel with a durable **nickel-plated finish**, the bracket offers long-term durability and corrosion resistance. Its precision design ensures correct alignment between the cabinet front and lift mechanism, contributing to smooth system operation and consistent visual appearance.

Product Features

- Designed for **Blum AVENTOS lift systems**
- Compatible with **HS, HL and HK systems**
- Suitable for **wooden cabinet fronts**
- Secure screw fixing to cabinet door
- Durable **nickel-plated steel construction**
- Accurate positioning for reliable system performance

Product Benefits

- Provides secure and stable front attachment
- Ensures consistent and reliable door movement
- Supports accurate cabinet alignment
- Enhances durability of lift system installation

SWS HARDWARE

- Allows compatibility across multiple lift systems
- Suitable for repeated everyday use

Technical Characteristics

- Compatible with **AVENTOS HS, HL and HK lift systems**
- Designed for wooden front applications
- Steel construction with protective nickel finish
- Requires correct positioning for optimal performance
- Used in conjunction with lift mechanisms and cabinet brackets
- Suitable for system-drilled cabinet constructions

Applications

This front fixing bracket is suitable for kitchen wall cabinets, storage units and fitted furniture using AVENTOS HS, HL and HK lift systems. It is used where wooden cabinet fronts are specified, ensuring secure attachment and reliable operation in both residential and light commercial cabinetry applications.
