Bathroom Turn & Release Set with Indicator - Satin Anodised Aluminium

Variant code: 1405.15.SAA

Bathroom Turn & Release Set is a premium privacy locking solution designed for bathroom, washroom and WC doors in commercial and residential environments. Manufactured from **Grade 304 stainless steel or aluminium, depending on the selected variant**, each set provides smooth, reliable privacy locking while complementing contemporary architectural door furniture.

Designed with a **52mm diameter rose** and an **8mm projection**, the set offers a clean, low-profile appearance that coordinates with matching lever handles and escutcheons. Available **with or without an occupancy indicator**, the range allows the most suitable option to be selected for each application. Indicator models clearly display whether the room is vacant or engaged, while non-indicator versions provide a simple, minimalist privacy locking solution.

Available in **Satin Anodised Aluminium, Satin Stainless Steel and Polished Stainless Steel** finishes, these turn and release sets offer dependable durability, corrosion resistance and long-term performance in demanding environments.
