Blank Escutcheon on Push-On Rose - 52 x 4mm - Satin Stainless Steel

Variant code: 1405.01.SSS

Blank Escutcheon on Push-On Rose provides a clean and professional finishing solution for doors where no keyhole or cylinder cut-out is required. Manufactured from **Grade 304 stainless steel** with a **Satin Stainless Steel (SSS)** finish, this architectural escutcheon is designed to coordinate seamlessly with matching stainless steel lever handles and door furniture, creating a refined, contemporary appearance.

Featuring a **52mm diameter** with a slim **4mm unsprung push-on rose**, the escutcheon offers a discreet, low-profile design that enhances modern interiors while concealing fixings for a neat finish. Manufactured from premium **Grade 304 stainless steel**, it provides excellent corrosion resistance and durability, making it suitable for demanding commercial, public and residential environments. Its simple push-on installation allows for quick fitting while maintaining a secure and professional result.

Ideal for new installations and refurbishment projects, this blank escutcheon completes non-locking door furniture installations with a coordinated architectural finish.
