

Blum Aventos HK Top Servo-drive Switch, Deep Grey

Variant code: 23P5020

Elevate your kitchen design and functionality with the Aventos HK Top Servo-Drive Switch in sophisticated Deep Grey. This premium accessory seamlessly integrates with your Blum Aventos HK Top lift system, providing touch-activated, motorised opening and closing for your upper cabinets. Experience unparalleled convenience and a touch of modern luxury with this essential component.

Key Features and Benefits:

Servo-Drive Technology: Transform your Aventos HK Top into a motorised lift system. A gentle touch on the cabinet front or a wireless remote initiates smooth, silent opening and closing.

Effortless Operation: Eliminate the need for handles or manual lifting. Ideal for high cabinets or those with heavy fronts, providing accessible storage for everyone.

Deep Grey Finish: This sleek, modern Deep Grey finish complements contemporary kitchen designs and seamlessly integrates with a variety of cabinet styles.

Enhanced Accessibility: Perfect for users with limited mobility or those seeking a hands-free kitchen experience.

Soft and Silent Movement: Enjoy smooth, cushioned opening and closing, preventing slamming and ensuring quiet operation.

Safety Stop Function: The intelligent system detects obstructions and automatically stops movement, preventing damage and injury.

Easy Integration: Designed for seamless integration with the Blum Aventos HK Top lift system, ensuring a professional and reliable installation.

Increased Cabinet Lifespan: Gentle, motorised operation reduces wear and tear on your cabinet hardware, extending its lifespan.

Modern Aesthetic: Adds a touch of sophistication and cutting-edge technology to your kitchen.
