

Blum Aventos HK-XS Blumotion Lift Mechanism Only (Power Factor 200-1000)

Variant code: 20K1101

Maximise your kitchen or living space with the sleek and efficient AVENTOS HK-XS Blumotion Lift Mechanism from Blum. Designed specifically for smaller wall cabinets, this compact lift system delivers exceptional functionality and smooth, silent operation, making it the perfect solution for tight spaces and overhead storage.

Key Features and Benefits:

Compact and Versatile: The HK-XS is ideal for small wall cabinets with limited internal depth, offering a space-saving solution without compromising performance. Perfect for spice cabinets, bathroom storage, and above-appliance cabinets.

Blumotion Soft-Close: Experience the renowned Blumotion technology, ensuring gentle and silent closing every time. Eliminate slamming doors and enjoy a premium, high-quality feel.

Effortless Opening and Closing: The precisely engineered mechanism provides smooth and light operation, making accessing your stored items a breeze.

Adjustable Power Factor (200-1000): This mechanism allows for fine-tuning the opening force to perfectly match the weight of your cabinet door. This ensures optimal performance and a consistently smooth user experience.

Tool-Free Front Adjustment: Easily adjust the front alignment for a perfect cabinet door gap, ensuring a seamless and professional finish.

Durable and Reliable: Built with high-quality materials, the AVENTOS HK-XS is designed for long-lasting performance and reliability.

Concealed Design: The mechanism is discreetly hidden within the cabinet, maintaining a clean and uncluttered aesthetic.

Simplified Installation: Designed for easy installation, saving you time and effort.
