

Blum Aventos HS Top Lever Arm Set

Variant code: 22S3500

Aventos HS Top – Lever Arm Set | Blum Lift System Components | SWS Hardware

Description:

Upgrade your Blum Aventos HS lift system with the genuine **Aventos HS Top – Lever Arm Set**. This essential component ensures smooth, effortless, and reliable operation of your large, single-panel lift-up doors. Designed for top-mounted applications, this lever arm set is crucial for achieving optimal functionality and stability in your kitchen cabinets, wall units, and other furniture pieces.

Key Features and Benefits:

- **Genuine Blum Quality:** Experience the renowned precision and durability of Blum hardware, guaranteeing long-lasting performance.
- **Seamless Operation:** The Aventos HS Top Lever Arm Set facilitates smooth, quiet opening and closing of heavy, single-panel doors.
- **Enhanced Stability:** Provides robust support, preventing door sagging and ensuring consistent alignment.
- **Easy Installation:** Designed for user-friendly installation, making it suitable for both professional cabinet makers and DIY enthusiasts.
- **Top-Mounted Design:** Specifically engineered for top-mounted Aventos HS applications, maximising space utilisation.
- **Durable Construction:** Built with high-quality materials to withstand the rigours of daily use.
- **Precise Movement:** Achieve precise door positioning and controlled motion with this expertly crafted lever arm set.
- **Optimised Functionality:** Restore or enhance the performance of your Aventos HS lift system.
- **Versatile Application:** Ideal for kitchen cabinets, pantry doors, wall units, and other large, single-panel lift-up applications.
