

Blum Legrabox Drawer Side – 'C' Height (177.5mm) – 600mm NL – Left & Right Handed – Stainless Steel

Variant code: 770C6002IV1

Enhance functionality, streamline installations, and achieve a premium aesthetic with the Legrabox Drawer Side 'C' Height.

This high-quality, left-hand Legrabox drawer side in sophisticated Orion Grey is the ideal solution for creating sleek and robust drawers in a variety of applications. Designed with precision and built for durability, it meets the demanding needs of **joiners, kitchen designers, architects, and project managers** seeking reliable and visually appealing hardware.

Key Features & Benefits for Your Business:

- **Premium Quality & Durability:** Constructed from robust materials, the Legrabox system ensures long-lasting performance and smooth operation, reducing call-backs and enhancing client satisfaction.
- **Elegant Orion Grey Finish:** The contemporary Orion Grey finish adds a touch of sophistication to any design, appealing to discerning clients and elevating the overall aesthetic.
- **'C' Height Versatility:** The 'C' height offers a balance of storage capacity and design flexibility, suitable for various drawer applications in kitchens, bathrooms, offices, and custom furniture.
- **500mm Nominal Length (NL):** This standard length provides compatibility with a wide range of cabinet depths, simplifying specification and installation.
- **Left-Hand Specific Design:** Ensures precise fitting and seamless integration for left-sided drawer installations, minimising errors and maximising efficiency.
- **Effortless Installation:** The Legrabox system is renowned for its intuitive assembly, saving valuable time and labour costs on site or in the workshop.
- **Smooth and Silent Operation:** Provides a premium user experience with its smooth

gliding action and quiet closing mechanism, a key selling point for high-end projects.

- **Part of a Comprehensive System:**

Integrates seamlessly with other Legrabox components, offering design flexibility and consistent quality across your projects.

Why Choose Legrabox for Your Business?

As a **joiner**, you'll appreciate the ease of installation and the robust construction that ensures the longevity of your crafted furniture.

Kitchen designers can leverage the elegant Orion Grey finish and smooth operation to create high-end, functional kitchen spaces. **Architects** can specify Legrabox with confidence, knowing it meets both aesthetic and performance requirements. **Project managers** will benefit from the reliable supply and straightforward installation, contributing to efficient project completion.
