Variant code: ZI7.2CIONI

Blum Legrabox 'C' (177.5mm) Front Rail Inner Drawer Connector Brackets - Stainless Steel: The Key to Seamless Inner Drawer Integration

Improve the functionality and aesthetic of your Blum Legrabox drawer system with these high-quality **Blum Legrabox 'C' (177.5mm) Front Rail Inner Drawer Connector Brackets**. Crafted from durable **stainless steel**, these essential components ensure a secure and precise connection between the front rail and the inner drawer box, creating a seamless and robust secondary drawer within your main Legrabox drawer.

Key Features and Benefits:

- **Specifically Designed for Legrabox 'C' (177.5mm):** Engineered for perfect compatibility with Blum Legrabox 'C' inner drawers featuring a 177.5mm front rail height, guaranteeing a precise fit and optimal performance.
- **Robust Stainless Steel Construction:** Manufactured from premium **stainless steel**, these connector brackets offer exceptional strength, corrosion resistance, and longevity. They are built to withstand the rigours of daily use in demanding kitchen and furniture environments.
- **Ensures Secure and Stable Connection:** These brackets provide a reliable and firm connection between the front rail and the inner drawer, preventing movement and ensuring smooth, quiet operation of your internal drawer.
- **Facilitates Creation of Functional Inner Drawers:** Ideal for creating organised storage solutions within larger drawers. Use them to build cutlery trays, spice organisers, or any other specialised inner drawer configuration.
- **Streamlined and Discreet Design:** The

sleek **stainless steel** finish offers a modern and understated aesthetic that seamlessly integrates with the Legrabox system, maintaining a clean and sophisticated look.

- **Easy Installation:** Designed for straightforward installation, allowing for efficient assembly of your inner drawer system.
- **Genuine Blum Quality:** As a genuine Blum product, you can trust in the superior engineering, precise manufacturing, and long-lasting performance that the brand is renowned for.
