

Blum Legrabox 'M' (90.5mm) Front Inner Drawer Connector Brackets – Terra Black

Variant code: ZI7.OMTB

Unlock Seamless Inner Drawer Integration with Blum Legrabox 'M' Front Inner Drawer Connector Brackets

Achieve flawless functionality and a sophisticated aesthetic for your inner drawers with the genuine **Blum Legrabox 'M' (90.5mm) Front Inner Drawer Connector Brackets**. Specifically engineered for the renowned **Blum Legrabox drawer system** with an 'M' height (90.5mm side profile height), these **connector brackets** provide a secure and precise link between the drawer front and the inner drawer box.

Crafted with Blum's renowned Austrian precision and durability, these **front fixing brackets** ensure the stable and reliable operation of your internal pull-outs. They are essential components for creating well-organised and easily accessible storage within your **kitchen drawers, furniture drawers**, and other cabinet applications.

Key Features and Benefits:

- **Specifically Designed for Legrabox 'M':** Perfectly compatible with **Blum Legrabox 'M' height drawers (90.5mm)**, guaranteeing an exact fit and optimal performance.
- **Secure Front Connection:** Provides a robust and unwavering connection between the inner drawer front and the drawer box, preventing unwanted movement or sagging.
- **Enhanced Stability:** Contributes to the overall stability and smooth operation of your **internal drawers** and **inner pull-outs**.
- **Genuine Blum Hardware:** Ensures the high quality, reliability, and longevity that Blum is known for in **drawer hardware** and **cabinet hardware**.
- **Durable Construction:** Manufactured from high-quality materials for lasting performance, even with frequent use.
- **Easy Installation:** Designed for straightforward and efficient installation, saving you time and effort during cabinet

assembly.

- **Ideal for Space Optimisation:** Facilitates the creation of organised and easily accessible internal storage solutions, maximising the usable space within your cabinets.
- **Versatile Application:** Suitable for a wide range of applications, including **kitchen inner drawers, pantry drawers, under-counter drawers**, and other **furniture inner drawer systems**.
- **Part of the Blum Legrabox System:** Ensures seamless integration with other components of the premium **Legrabox drawer system**.
