

Blum Legrabox Steel Back – 'K' (90.5mm) Height – Suits 250mm – Orion Grey

Variant code: ZB7K182SOG

Looking to complete your sleek and modern drawer systems? The **Blum Legrabox Steel Back – 'K' (90.5mm) Height** is the perfect component for achieving that seamless, high-quality finish. This genuine Blum product ensures durability, stability, and the renowned smooth operation that Legrabox is known for.

Key Features:

- **Genuine Blum Quality:** Trust in the precision engineering and long-lasting performance of a genuine Blum product.
- **Legrabox System Compatibility:** Specifically designed for the Legrabox drawer system, ensuring a perfect fit and optimal functionality.
- **Steel Construction:** Provides exceptional strength and rigidity to the back of your drawer.
- **'K' Height (90.5mm):** This specific height is crucial for ensuring the correct drawer box dimensions. **Please carefully select the correct height for your needs.**
- **Sleek and Modern Design:** Contributes to the overall minimalist aesthetic of your Legrabox drawers.
- **Easy Installation:** Designed for straightforward and secure attachment to your drawer box.

Why Choose the Blum Legrabox Steel Back?

The Blum Legrabox system is celebrated for its straight inner surfaces and slender drawer sides, creating maximum storage space and a premium feel.¹ This steel back is an integral part of that system, providing the necessary support and structural integrity. By using genuine Blum components, you guarantee the smooth, silent gliding action and the long lifespan that Blum hardware is famous for.

Ensure the Perfect Fit:

Important: To ensure you order the correct part, please verify that your existing drawer system uses the Legrabox system and requires the 'K'

height (90.5mm) steel back. Using the incorrect size may result in improper drawer function.

Upgrade your drawers with the reliable and stylish **Blum Legrabox Steel Back - 'K' (90.5mm) Height** and experience the difference genuine Blum quality makes.
