

Blum Clip Top Hinge – 30° Overlay Sprung – Nickel – Screw-on

Variant code: 79A9556.T

Blum CLIP top Hinge – 30° Overlay Sprung – Nickel is designed for cabinet doors installed on angled cabinet constructions where a reduced hinge angle is required to achieve correct door positioning. Manufactured by **Blum**, a recognised specialist in cabinet hardware, this hinge forms part of the dependable **CLIP top hinge system**, combining precise engineering with efficient installation and adjustment. The integrated sprung mechanism provides consistent self-closing action, ensuring reliable door operation in everyday cabinet use.

The hinge incorporates a **30° hinge geometry**, making it suitable for cabinets installed on angled layouts commonly used in corner units and bespoke furniture designs. Designed for **overlay cabinet door applications**, the final overlay position is determined by the selected mounting plate, allowing flexibility across different cabinet constructions. The hinge clips securely onto compatible Blum mounting plates using the **tool-free CLIP top attachment system**, enabling fast installation and straightforward removal when adjustment is required.

Manufactured from steel with a durable **nickel-plated finish**, the hinge provides corrosion resistance and a clean, neutral appearance suitable for a wide range of cabinet interiors. The hinge cup is **compatible with different boss fixing types depending on the selected variant**, allowing flexibility during installation depending on cabinet material, drilling preparation and installation preference.

Product Features

- **30° hinge geometry** for angled cabinet installations
- Integrated **sprung self-closing mechanism**
- Designed for **overlay cabinet door applications**
- Compatible with **multiple boss fixing types depending on variant**
- Durable **nickel-plated steel**

construction

- Tool-free CLIP top hinge attachment
- Three-dimensional adjustment capability

Product Benefits

- Supports cabinets requiring **30° door positioning**
- Provides reliable **self-closing hinge performance**
- Allows flexible installation through **different boss fixing options**
- Enables precise door alignment and consistent gaps
- Suitable for angled cabinet layouts and custom furniture
- Designed for residential and light commercial cabinetry

Technical Characteristics

- Requires compatible **Blum CLIP top mounting plates**
- Supports **different boss fixing types depending on variant**
- Adjustable vertically, laterally and in depth
- Steel hinge construction with **nickel-plated protective finish**
- Designed for integration within **Blum cabinet hardware systems**
- Correct hinge and mounting plate pairing ensures proper hinge performance

Applications

Suitable for **overlay cabinet doors installed on angled cabinet constructions**, commonly used in corner cabinets, diagonal cabinet layouts and bespoke furniture. The **30° hinge geometry** enables accurate door positioning within angled cabinet designs while maintaining smooth hinge movement. Compatibility with **different boss fixing types depending on variant** allows installation across a wide range of cabinet materials and manufacturing methods.

Property	Value
Finish	Nickel
Opening angle (°)	30
Application	Overlay

Property	Value
Boss	Screw-on
Closing Mechanism	Sprung
