Button-fix™ - Button for CSK Wood Screw - Pack of 100

Variant code: 171-002-1

The **Button-fix™ Button for Countersunk (CSK) Wood Screws** is the essential mating component of the award-winning Button-fix™ concealed panel fixing system. Supplied as a **pack of 100**, these durable lime green buttons are designed to work with **Button-fix™ Type 1** and **Type 3 Fixes** (sold separately), creating a strong, completely hidden and fully removable connection for furniture, wall panels and architectural installations.

Manufactured in the UK from **30% glass-filled Nylon PA6**, each button is designed for installation using a **5mm Countersunk (CSK) Wood Screw** (not supplied). Once engaged with the corresponding Fix, the system provides a secure mechanical lock that is completely concealed from view while allowing panels to be quickly removed whenever maintenance or future access is required.

Whether you're installing decorative wall panels, bespoke cabinetry, shelving or removable access panels, the Button-fix™ Button provides exceptional durability, fast installation and a professional screw-free finish.

Product Features

- Genuine Button-fix™ Button component
- Supplied as a pack of 100
- Designed for 5mm Countersunk (CSK) Wood Screws
- Compatible with Button-fix™ Type 1 and Type 3 Fixes
