

Button-fix™ – Type 1 – Bonded Fix + Button for CSK Wood Screw – Pack of 100

Variant code: 171-017-11

The **Button-fix™ Type 1 Bonded Fix & Button for Countersunk (CSK) Wood Screws** is a complete concealed fixing solution designed for applications where conventional screw fixing is not possible. Supplied as a **pack of 100 complete Fix and Button sets**, this innovative system combines a bondable ABS Fix with a high-strength Button for CSK wood screws, creating an exceptionally strong, invisible and fully removable panel connection.

Ideal for thin, lightweight and specialist materials, the **Type 1 Bonded Fix** is secured using a suitable structural adhesive, making it perfect for solid surface materials, compact laminates, glass, metal sheeting and decorative wall panels. The award-winning **slide-and-click** engagement allows panels to be installed vertically or sideways while remaining easy to remove for maintenance or future access. The matching Button is manufactured from durable **30% glass-filled Nylon PA6** and is designed for installation using **5mm Countersunk (CSK) Wood Screws** (not supplied).

Whether used for commercial interiors, exhibition displays or bespoke furniture, the Button-fix™ Type 1 Bonded system delivers a secure concealed fixing with a clean, professional finish.

Product Features

- Complete Button-fix™ Type 1 Bonded Fix and Button set
- Supplied as a pack of 100
- Designed for 5mm Countersunk (CSK) Wood Screws
