

Button-fix™ – Type 1 – Flush Fix + Button for CSK Wood Screw – Pack of 100

Variant code: 171-018-11

The **Button-fix™ Type 1 Flush Fix & Button for Countersunk (CSK) Wood Screws** is a premium concealed fixing system engineered to create exceptionally strong, fully flush, removable panel connections with no visible fixings. Supplied as a **pack of 100 Fixes and 100 matching Buttons**, this award-winning system is the ideal choice for cabinet makers, furniture manufacturers, shopfitters and interior specialists seeking a seamless, professional finish.

Unlike conventional hidden fasteners, the **Type 1 Flush** is fully recessed into the panel, creating a true flush installation with **zero visible panel gap**. Manufactured from durable **30% glass-filled Nylon PA6**, the innovative **slide-and-click** mechanism provides exceptional strength while allowing panels to be removed easily for maintenance or future access. The system supports both vertical (drop-down) and sideways engagement, making installation quick and highly versatile.

Designed for use with **Ø5mm Countersunk (CSK) Wood Screws** (not supplied), the Button-fix™ Type 1 Flush is ideal for premium furniture, wall panelling, commercial interiors and removable architectural features where appearance, strength and accessibility are equally important.

Product Features

- Complete Button-fix™ Type 1 Flush Fix and Button set
- Supplied as a pack of 100 Fixes and 100 Buttons
- Designed for Ø5mm Countersunk (CSK) Wood Screws
- Fully concealed flush fixing system
- Zero visible panel gap when correctly recessed
- High-strength slide-and-click engagement
- Allows vertical (drop-down) or sideways installation
- Fully removable for maintenance and servicing

- Manufactured from 30% glass-filled Nylon PA6
- Suitable for face or edge rebated installations
- Made in the UK

Product Benefits

- **Creates a completely flush, invisible fixing with no exposed screws or panel gaps**
- **High-strength construction is ideal for heavy-duty furniture, shelving and wall panels**
- **Slide-and-click engagement enables fast installation and easy panel removal when required**
- Supports sideways installation where overhead clearance is limited
- Fully demountable for maintenance, servicing or future design changes
- Durable glass-filled nylon construction provides long-lasting professional performance
- Suitable for both residential and commercial interior projects
- Made in the UK for assured quality and reliability
