

Button-fix™ – Type 2 – Fix for 90° Panels + Button for CSK Wood Screw – Pack of 100

Variant code: 171-004-11

The **Button-fix™ Type 2 Fix for 90° Panels & Button for Countersunk (CSK) Wood Screws** is the complete concealed fixing solution for removable panels mounted at a **90° angle** to a frame or cabinet carcass. Supplied as a **pack of 100 complete Fix and Button sets**, this award-winning system provides a secure push-on connection while allowing panels to be removed quickly whenever access to plumbing, wiring or concealed services is required.

Designed with a unique **straight push-and-click engagement**, the Type 2 system eliminates the need for overhead or side clearance during installation, making it ideal for confined spaces and service panels. The Fix is moulded from high-performance **DuPont Zytel® Nylon 66**, while the matching Button is manufactured from **30% glass-filled Nylon PA6** for exceptional strength and long-term durability. The Button is designed for installation using **Countersunk (CSK) Wood Screws** (not supplied).

Whether you're installing removable bath panels, acoustic panels or demountable furniture, the Button-fix™ Type 2 system delivers a professional, screw-free appearance with reliable performance and effortless panel removal.

Product Features

- Complete Button-fix™ Type 2 Fix and Button set
- Supplied as a pack of 100
- Designed for 90° panel-to-frame connections
- Button suitable for Countersunk (CSK) Wood Screws
