

Blum Clip Top Hinge – 107° Inset BLUMOTION Sprung – Nickel – Screw-on

Variant code: 75B1750-NI

Blum CLIP top Hinge – 107° Inset BLUMOTION Sprung – Nickel is designed to provide smooth and controlled door movement for inset cabinet door applications. Part of the **Blum CLIP top BLUMOTION hinge system**, this hinge integrates soft-close technology directly into the hinge mechanism, ensuring doors close quietly and consistently without the need for additional damping components. Manufactured to Blum's precision engineering standards, it delivers dependable performance across a wide range of cabinetry installations.

The hinge features a **107° opening angle**, offering practical access to cabinet interiors while maintaining stable hinge movement and controlled closing action. Designed for **inset cabinet door configurations**, it allows the cabinet door to sit flush within the cabinet frame, supporting clean and precise cabinet aesthetics. The hinge clips securely onto compatible Blum mounting plates using the **tool-free CLIP top system**, enabling efficient installation and simple removal during adjustment or maintenance.

Manufactured from durable steel with a **nickel-plated finish**, the hinge provides corrosion resistance and a neutral appearance suitable for most cabinet interiors. The hinge cup is designed to accommodate **screw-on boss fixing**, allowing flexibility in installation depending on cabinet material, drilling preparation and manufacturing processes.

Product Features

- **107° opening angle**
- Integrated **BLUMOTION soft-close mechanism**
- Designed for **inset cabinet door applications**
- Compatible with **screw-on boss fixing**
- Durable **nickel-plated finish**

- **Tool-free CLIP hinge attachment**
- **Three-dimensional adjustment capability**

Product Benefits

- Provides smooth and quiet **soft-closing performance**
- Supports clean and precise **inset cabinet design**
- Allows flexible installation through **boss fixing options**
- Enables accurate door alignment and consistent reveals
- Ensures reliable long-term hinge operation
- Suitable for residential and light commercial cabinetry

Technical Characteristics

- Requires compatible **Blum CLIP top mounting plates**
- Designed to support **screw-on boss fixing configuration**
- Adjustable vertically, laterally and in depth
- Steel hinge construction with **nickel-plated protective finish**
- Suitable for **inset cabinet constructions**
- Correct hinge and mounting plate pairing ensures optimal performance

Applications

Suitable for **inset cabinet doors** used in kitchens, wardrobes, storage units and fitted furniture where controlled and quiet door closing is required. The integrated **BLUMOTION soft-close mechanism** ensures smooth operation, while compatibility with **screw-on boss fixing** allows installation across different cabinet materials and

manufacturing methods. The **nickel finish** provides durability and a neutral appearance suited to most cabinetry interiors.

Property	Value
Finish	Nickel
Opening angle (°)	107
Application	Inset
Boss	Screw-on
Closing Mechanism	Sprung
Boss Drilling Depth (mm)	11.5
Max Door Thickness (mm)	24
Hinge Type	Standard
