Blum Clip Top Cover Cap - Cranked/Double Cranked Hinge Arm - Nickel

Variant code: 70.1663-NI

Blum CLIP top Cover Cap - Cranked / Double Cranked Hinge Arm - Nickel is designed to provide a clean and professional finish to cabinet hinge installations by concealing the exposed hinge arm on compatible **Blum CLIP top hinges with cranked or double cranked hinge arms**. Manufactured by **Blum**, a globally recognised specialist in cabinet hardware, this cover cap enhances the internal appearance of cabinetry while maintaining full compatibility with the CLIP top hinge system.

The cover cap fits securely onto **cranked and double cranked hinge arms**, neatly covering the visible hinge mechanism to create a streamlined cabinet interior. By concealing the hinge arm components, it improves the overall presentation of cabinet hardware and contributes to a more refined and professional cabinet finish.

Designed for simple installation, the cover cap **clips directly onto the hinge arm** without requiring tools or additional fixings. This allows installers to complete hinge installations quickly while maintaining easy access to hinge adjustments or servicing when required.

Finished in **Nickel**, the cover cap integrates seamlessly with standard **nickel-plated Blum CLIP top hinges**, ensuring consistent hardware appearance across cabinetry. Manufactured from durable materials, the cap is designed to withstand everyday cabinet use while maintaining its appearance over time.

Product Features

- Designed for **Blum CLIP top hinges with cranked or double cranked hinge arms**
- Conceals hinge arm components for a **clean cabinet interior finish**
- **Clip-on installation** for quick and easy fitting
- Compatible with the **Blum CLIP top hinge**
