

## Blum Clip Top Mounting Plate - Cruciform Cam Adjustable Onyx Black - Omm

Variant code: 173H7100-OB

The **Blum Clip Top mounting plate** provides a secure fixing base for Blum Clip Top concealed hinges. Finished in **Onyx Black**, it delivers a coordinated aesthetic for dark cabinetry while maintaining the precision and reliability expected from Blum hardware.

The cruciform interface enables quick hinge attachment, and the integrated cam adjustment allows accurate door alignment during installation. Available in Omm and 3mm heights, it supports precise overlay configuration when paired with the correct hinge.

### Product Features

- Cruciform interface for Blum Clip Top hinges
- Cam height adjustment mechanism
- Onyx Black finish
- Screw-on fixing method
- Available in Omm and 3mm heights
- Designed for cabinet carcass installation

### Product Benefits

- Provides precise door alignment
- Creates a coordinated finish with dark hinges and interiors
- Offers secure and stable hinge fixing
- Supports accurate overlay configuration
- Suitable for residential and commercial cabinetry
- Compatible with Blum Clip Top hinge systems
