Blum Clip Top Mounting Plate - Cruciform Die Cast - Nickel - 0mm

Variant code: 175H7100

Blum Clip top Mounting Plate - Cruciform Die-cast - Nickel is engineered to provide durable and precisely aligned hinge fixing within the Blum CLIP top system. Manufactured from robust **die-cast construction**, this mounting plate delivers enhanced structural stability and long-term reliability in demanding cabinet applications. Designed for seamless integration with compatible Blum CLIP top hinges, it ensures consistent door positioning and secure attachment across a wide range of cabinet constructions.

The **cruciform design** supports accurate screw positioning and dependable fixing to the cabinet side panel. Available in selectable **0mm, 3mm and 9mm height options**, the mounting plate forms part of the overall hinge offset calculation. The chosen height determines the final door position and reveal, allowing installers and manufacturers to achieve precise alignment when paired with the appropriate hinge type.

Finished in **nickel**, the plate provides a clean and neutral appearance suitable for most cabinet interiors. The design supports tool-free hinge attachment and removal when used with CLIP top hinges, simplifying installation and adjustment while maintaining secure engagement within the hinge system.

Product Features

- Designed for **Blum CLIP top hinge systems**
- Durable **die-cast construction**
- **Cruciform mounting plate configuration**
- Available in **0mm, 3mm and 9mm height options**
- **Nickel finish** for interior coordination
- Secure screw fixing to cabinet side panel
- Compatible with tool-free CLIP top hinge

attachment

- Adjustable for precise door alignment

Product Benefits

- Provides strong and stable hinge support
- Supports accurate door positioning and consistent reveals
- Allows correct overlay calculation through height selection
- Enhances durability in high-use cabinetry
- Integrates seamlessly within the Blum hinge platform
- Suitable for residential and light commercial installations

Technical Characteristics

- Height selection determines hinge offset
- Requires accurate cabinet side panel preparation
- Designed for use with compatible Blum CLIP top hinges
- Adjustable height correction capability
- Die-cast body for enhanced structural integrity
- Correct hinge and plate pairing ensures optimal door performance

Applications

This mounting plate is intended for cabinet installations requiring a robust **die-cast fixing solution** within the Blum CLIP top hinge system. The availability of **0mm, 3mm and 9mm height configurations** makes it suitable for a range of overlay constructions where precise hinge offset is essential to achieve correct door alignment. It is commonly specified in kitchens, bedrooms, storage units and bespoke fitted furniture where durability, structural strength and consistent reveals are critical in both professional
