# Blum Clip Top Mounting Plate - Cruciform - Nickel - 0mm

**Variant code: 175L6100**

**Blum Clip Top Mounting Plate - Cruciform - Nickel** is designed to provide a secure and precisely aligned fixing point for Blum CLIP top hinge systems. Manufactured from durable steel with a protective **nickel-plated finish**, this mounting plate delivers reliable performance and long-term durability in both residential and light commercial cabinetry.

The **cruciform design** ensures stable screw positioning and secure attachment to the cabinet side panel. Engineered for seamless integration with compatible Blum CLIP top hinges, the plate supports tool-free hinge attachment and removal, simplifying installation and ongoing adjustment. When paired correctly with the appropriate hinge, it enables accurate door positioning and consistent hinge performance.

The **0mm height configuration** provides a neutral hinge offset between the cabinet side and hinge arm. This makes it suitable for overlay calculations where no additional plate height is required, ensuring correct door projection and consistent alignment across the cabinet run.

## Product Features

- Designed for **Blum CLIP top hinge systems**
- **Cruciform mounting plate design**
- Durable **nickel-plated steel finish**
- **0mm height configuration**
- Secure screw fixing to cabinet side panel
- Compatible with **tool-free CLIP top hinge attachment**
- Engineered for precise door alignment

## Product Benefits

- Ensures stable and secure hinge mounting
- Supports accurate door positioning and consistent reveals
- Provides correct hinge offset in standard overlay calculations
- Integrates seamlessly within the Blum hinge platform
- Maintains long-term structural reliability

- Suitable for residential and light commercial cabinetry

## Technical Characteristics

- **0mm plate height** determines final hinge positioning
- Requires accurate cabinet side panel preparation
- Designed for use with compatible **Blum CLIP top hinges**
- Steel construction with protective nickel finish
- Correct hinge and plate pairing ensures optimal door performance

## Applications

This mounting plate is intended for cabinet installations requiring a **0mm hinge offset** within the Blum CLIP top system. It is commonly specified in overlay cabinet constructions where precise door projection and alignment are essential. Suitable for kitchens, bedrooms, storage units and bespoke fitted furniture, it provides dependable hinge mounting and consistent alignment in both residential and light commercial environments.
