Blum Clip Top Mounting Plate - Cruciform Cam Adjustable Pre-mounted Screws For Wide Hinges - Nickel - 0mm

Variant code: 173L8300

Blum Clip Top Mounting Plate - Cruciform Cam Adjustable Pre-mounted Screws For Wide Hinges - Nickel is engineered to provide secure and accurately positioned hinge fixing within the Blum CLIP top system. Designed for seamless integration with compatible CLIP top hinges, this mounting plate ensures stable attachment and precise door alignment across a wide range of cabinet constructions. Manufactured from durable steel with a protective finish, it delivers dependable performance in residential and light commercial cabinetry.

The **cruciform mounting plate design** provides consistent screw positioning and strong mechanical retention to the cabinet side panel. Supplied with **pre-mounted system screws**, it streamlines installation by reducing preparation time and improving fixing consistency during assembly. The **0mm height configuration** provides a neutral hinge offset, making it suitable for overlay calculations where no additional spacing is required between the cabinet side and hinge arm. Final door position is determined by the combination of hinge type and mounting plate height.

Designed for use with Blum CLIP top hinges, the plate supports tool-free hinge attachment and removal. This allows efficient installation, simplified adjustment and ongoing maintenance while maintaining secure engagement within the hinge system.

Product Features

- Designed for **Blum CLIP top hinge systems**
- **Cruciform mounting plate configuration**
- **Screw-on fixing** to cabinet side panel
- Supplied with **pre-mounted system screws**

- **0mm height configuration**
- Compatible with tool-free CLIP top hinge attachment
- Durable steel construction
- Adjustable for precise door alignment

Product Benefits

- Ensures stable and secure hinge mounting
- Reduces installation time with pre-mounted screws
- Supports accurate door positioning and consistent reveals
- Enables efficient cabinet assembly
- Integrates seamlessly within the Blum hinge platform
- Suitable for residential and light commercial cabinetry

Technical Characteristics

- 0mm plate height determines final hinge positioning
- Requires accurate cabinet side panel preparation
- Adjustable height correction capability
- Designed for use with compatible Blum CLIP top hinges
- Steel construction with protective finish
- Correct hinge and plate pairing ensures optimal door performance

Applications

This mounting plate is intended for cabinet installations requiring a **0mm hinge offset** within the Blum CLIP top system. It is commonly specified in overlay cabinet constructions where the hinge geometry provides the necessary
