Blum Clip Top Mounting Plate - Cruciform Screw-on with Pre Mounted System Screws - Nickel - 3mm

Variant code: 173L8130

Blum Clip Top Mounting Plate - Cruciform Screw-on with Pre Mounted System Screws - Nickel is designed to provide secure and precisely aligned hinge fixing within the Blum CLIP top system. Engineered for use with compatible CLIP top hinges, this mounting plate ensures stable attachment and consistent door positioning across a wide range of cabinet constructions. Manufactured from durable steel with a protective **nickel-plated finish**, it delivers reliable long-term performance in both residential and light commercial cabinetry.

The **cruciform mounting plate design** provides dependable screw positioning and strong retention to the cabinet side panel. Supplied with **pre-mounted system screws**, it simplifies installation by reducing preparation time and improving fixing consistency during assembly. Available in **0mm and 3mm height options**, the plate forms part of the hinge offset calculation. Selecting the correct height ensures accurate overlay positioning and consistent reveals when paired with the appropriate hinge configuration.

Designed to integrate seamlessly with **Blum CLIP top hinges**, the plate allows tool-free hinge attachment and removal. This supports efficient installation, straightforward adjustment and secure engagement within the hinge system, contributing to smooth door operation and precise alignment.

Product Features

- Designed for **Blum CLIP top hinge systems**
- **Cruciform mounting plate configuration**
- **Screw-on fixing** to cabinet side panel
- Supplied with **pre-mounted system screws**
- Available in **0mm and 3mm height**

options

- Durable **nickel-plated steel finish**
- Compatible with tool-free CLIP top hinge attachment
- Adjustable for accurate door alignment

Product Benefits

- Ensures secure and stable hinge mounting
- Reduces installation time with pre-mounted screws
- Supports precise door positioning and consistent gaps
- Allows correct overlay calculation through height selection
- Integrates seamlessly within the Blum hinge platform
- Suitable for residential and light commercial cabinetry

Technical Characteristics

- Height selection determines hinge offset
- Screw-on fixing requires accurate cabinet side preparation
- Designed for use with compatible Blum CLIP top hinges
- Adjustable height correction capability
- Steel construction with protective nickel finish
- Correct hinge and plate pairing ensures optimal door performance

Applications

This mounting plate is intended for cabinet installations requiring secure screw-on fixing within the Blum CLIP top hinge system. The availability of **0mm and 3mm height**
