

Blum Legrabox Drawer Side – 'F' Height (241mm) – Carbon Black – Left & Right Hand 500mm

Variant code: 770F5002SCBV1

Blum LEGRABOX Drawer Side – F Height (241mm) – Carbon Black is engineered to deliver **maximum drawer capacity, structural strength** and a **clean, modern design** within the LEGRABOX system. As part of Blum's premium drawer platform, it supports high-performance drawer construction while maintaining a refined, straight-line aesthetic suitable for contemporary cabinetry.

The **F height (241mm)** provides a taller drawer side configuration, making it ideal for deep storage applications where increased capacity is required. Its slim metal profile ensures a **minimalist appearance**, allowing drawers to integrate seamlessly into modern kitchen, wardrobe and storage designs. The drawer side works in conjunction with compatible Blum runners and back panels to ensure **smooth operation, stable construction** and consistent performance.

Finished in **Carbon Black**, the drawer side complements darker cabinetry schemes and modern interior designs. Engineered for precision, it enables **accurate alignment and adjustment**, helping achieve consistent reveals and uniform drawer positioning across multiple installations.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **F height (241mm)** for maximum drawer capacity
- Slim drawer side profile for **modern, straight-line design**
- Supports **stable and rigid drawer construction**
- Finished in **Carbon Black**
- Compatible with **LEGRABOX runner systems**

Product Benefits

- Maximises **drawer storage capacity**
- Supports **clean, minimalist cabinetry design**

- Provides **stable and consistent drawer performance**
- Enables **precise alignment and uniform reveals**
- Complements **modern dark interior schemes**
- Suitable for **residential and commercial applications**

Technical Characteristics

- Requires pairing with **Blum LEGRABOX runners and components**
- Designed for integration with drawer base and back systems
- Supports accurate assembly and adjustment during installation
- Compatible with full extension runner configurations
- Engineered for durability and long-term performance
- Ensures optimal performance within the LEGRABOX system

Applications

This drawer side is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where **maximum drawer height and capacity** are required. The **F height configuration** makes it particularly suitable for deep storage drawers, such as pantry units and large storage compartments. The **Carbon Black finish** supports modern design schemes, making it ideal for both residential interiors and commercial fit-outs requiring a refined, contemporary appearance.
