Blum Clip Top Mounting Plate - Inline Cam Adjustable Dowel - Nickel - 0mm

Variant code: 177H5100

Blum Clip top Mounting Plate - Inline Cam Adjustable - Dowel - Nickel is designed to provide secure hinge fixing with integrated vertical adjustment within the Blum CLIP top system. Designed for seamless compatibility with CLIP top hinges, this mounting plate ensures stable attachment and precise door positioning across a wide range of cabinet constructions. Manufactured from durable steel with a protective **nickel-plated finish**, it delivers dependable long-term performance in residential and light commercial cabinetry.

Featuring an integrated **inline cam height adjustment**, the plate allows convenient vertical door alignment directly at the mounting plate. This enables accurate reveal control without repositioning fixings, simplifying installation and fine adjustment. The **knock-in fixing system** allows secure insertion into pre-drilled cabinet side holes, supporting efficient installation and consistent positioning.

The selectable **plate height configuration** forms part of the hinge offset calculation and determines the final door position and overlay. Selecting the correct height ensures accurate alignment and consistent door gaps when paired with the appropriate hinge specification.

Designed for use with **Blum CLIP top hinges**, the plate supports tool-free hinge attachment and removal, maintaining secure engagement within the hinge system while enabling efficient installation and adjustment.

Product Features

- Designed for **Blum CLIP top hinge systems**
- Integrated **inline cam height adjustment**
- **Dowel fixing system**
- Selectable **plate height configuration**

- Durable **nickel-plated steel finish**
- Compatible with tool-free CLIP top hinge attachment

Product Benefits

- Enables precise vertical door alignment via cam adjustment
- Ensures secure and stable hinge mounting
- Supports accurate door positioning and consistent reveals
- Allows correct overlay calculation through height selection
- Simplifies installation and fine tuning
- Suitable for residential and light commercial cabinetry

Technical Characteristics

- Plate height determines hinge offset and final door position
- Inline cam allows controlled vertical adjustment
- Dowel fixing requires accurately prepared cabinet side drilling
- Designed for use with compatible Blum CLIP top hinges
- Steel construction with protective nickel finish
- Correct hinge and plate pairing ensures optimal door performance

Applications

This mounting plate is intended for cabinet installations requiring secure **knock-in fixing with integrated cam adjustment** within the Blum CLIP top hinge system. The selectable height configuration makes it suitable for overlay constructions where precise hinge offset is essential to achieve accurate door alignment. It is
