# Blum Clip Top Mounting Plate - Inline Cam Adjustable Expando - Onyx Black - 0mm

**Variant code: 177H3100E-OB**

**Blum Clip Top Mounting Plate - Inline Cam Adjustable Expando - Onyx Black** is engineered to provide secure and precisely aligned hinge fixing within the Blum CLIP top system. Designed for seamless integration with compatible CLIP top hinges, this mounting plate ensures stable attachment and accurate door positioning across a wide range of cabinet constructions. Manufactured from durable steel with a resilient **Onyx Black finish**, it supports coordinated dark interior hardware schemes while delivering dependable long-term performance.

The **inline mounting configuration** enables direct alignment with the cabinet side panel, maintaining consistent hinge geometry and clean installation. Featuring a **cam adjustment mechanism**, the plate allows efficient on-site height correction to achieve accurate door alignment and even reveals. The integrated **Expando fixing system** is designed for secure anchoring into prepared cabinet side drilling, expanding within the panel to provide strong mechanical retention.

The **0mm height configuration** provides a neutral hinge offset between the cabinet side and hinge arm. When paired with the appropriate Blum CLIP top hinge, this ensures accurate overlay calculation, precise door projection and consistent alignment across the cabinet run.

## Product Features

- Designed for **Blum CLIP top hinge systems**
- **Inline mounting plate configuration**
- **Cam adjustable** for fine height correction
- Integrated **Expando fixing system**
- **0mm height configuration**
- Durable **Onyx Black finish**
- Compatible with **tool-free CLIP top hinge attachment**

## Product Benefits

- Ensures stable and secure hinge

Tel: 01626 333900
Email: info@swshardware.com

mounting
- Allows efficient on-site door alignment via cam adjustment
- Provides strong retention with Expando anchoring
- Supports accurate door positioning and consistent reveals
- Coordinates visually with contemporary dark cabinetry
- Suitable for residential and light commercial cabinetry

## Technical Characteristics

- **0mm plate height** determines final hinge positioning
- Expando fixing requires correctly prepared cabinet side drilling
- Cam mechanism enables precise vertical adjustment
- Designed for use with compatible **Blum CLIP top hinges**
- Steel construction with protective Onyx Black finish
- Correct hinge and plate pairing ensures optimal door performance

## Applications

This mounting plate is intended for cabinet installations requiring a **0mm hinge offset** within the Blum CLIP top system. It is commonly specified in overlay cabinet constructions where precise door projection and alignment are essential. Suitable for kitchens, bedrooms, storage units and bespoke fitted furniture, the combination of **cam adjustment** and **Expando fixing** makes it particularly appropriate for professional installations requiring efficiency, precision and secure anchoring, especially in contemporary dark cabinetry schemes.

| Property | Value |
|---|---|
| Finish | Onyx Black |
| Mounting Plate Type | Inline |
| Fixing Type | Expando |
