

Blum Clip Top Cover Cap – Straight Hinge Arm – Nickel – Edward Williams Bespoke Joinery

Variant code: 70.1503.EWBJ

Blum CLIP top Cover Cap – Straight Hinge Arm – Nickel is designed to provide a clean and professional finish to cabinet hinge installations by concealing the visible hinge arm components of **Blum CLIP top hinges**. Manufactured by **Blum**, a globally recognised specialist in cabinet hardware, this cover cap enhances the overall appearance of cabinetry while maintaining full compatibility with the CLIP top hinge system.

The cover cap fits securely onto **straight hinge arms**, neatly covering the hinge mechanism to create a refined and streamlined cabinet interior. By concealing functional hinge components, the cap helps achieve a more polished and consistent appearance, particularly in cabinetry where internal aesthetics are important.

Designed for straightforward installation, the cover cap clips easily onto compatible hinge arms without the need for additional tools or fixings. This allows installers to complete hinge installations quickly while ensuring the hinge assembly remains accessible for adjustment or maintenance when required.

The cover cap is available in **Nickel and Onyx Black finishes**, providing flexibility to match different hinge finishes and cabinet hardware specifications. The **Nickel finish** offers a clean and neutral appearance suited to traditional and contemporary cabinetry, while the **Onyx Black finish** supports coordinated hardware specification in modern dark cabinetry designs.

Manufactured from durable materials, the cover cap is designed to withstand regular cabinet use while maintaining its appearance over time. It integrates seamlessly with the **Blum CLIP top hinge platform**, ensuring compatibility with Blum's widely used hinge systems.

Product Features

- Designed for **Blum CLIP top hinges with straight hinge arms**

- Conceals visible hinge arm components for a **clean cabinet appearance**
- **Clip-on installation** for quick and easy fitting
- Compatible with the **Blum CLIP top hinge system**
- Available finishes: **Nickel and Onyx Black**
- Durable construction for long-term use

Product Benefits

- Improves the **visual finish of cabinet interiors**
- Helps create a **clean and professional hinge installation**
- Enables quick installation without additional tools
- Coordinates with both **standard nickel and contemporary black hardware**
- Maintains access to hinge adjustment and servicing
- Supports consistent hardware specification across cabinetry

Technical Characteristics

- Designed for **straight arm CLIP top hinges**
- **Clip-on mounting design** for easy installation
- Compatible with **Blum CLIP top hinge systems**
- Available in **Nickel and Onyx Black finishes**
- Durable construction suitable for cabinet interiors

Applications

This cover cap is used to finish **Blum CLIP top**

hinge installations in kitchens, wardrobes, storage cabinetry and fitted furniture where a clean internal appearance is desired. By concealing the hinge arm mechanism, the cover cap enhances the overall aesthetic of cabinetry while maintaining full hinge functionality. It is suitable for both **residential and commercial joinery projects** where professional finishing details are required.
