Concealed Hinge Glass Door Plate - Chrome Plated

Variant code: ACH07800CP

Glass Door Plate is a genuine accessory designed specifically for use with the **Sugatsune Olympia Concealed Hinge Series**. Finished in an attractive **chrome plated** finish, the face plate is engineered for **tempered glass cabinet doors**, providing a secure fixing point while maintaining the clean, frameless appearance of modern glass furniture. Its precision design ensures reliable hinge performance and seamless integration with compatible Olympia concealed hinges.

Manufactured from high-quality materials, the face plate offers excellent durability and corrosion resistance for long-term use in both residential and commercial environments. The polished chrome finish complements contemporary glass cabinetry, display cases and showcase installations while providing a professional, coordinated appearance when paired with Sugatsune Olympia hinge components.

Designed for straightforward installation, the Sugatsune Glass Door Face Plate provides a dependable mounting solution for tempered glass doors, making it ideal for premium display cabinets, retail showcases and bespoke furniture where both aesthetics and performance are essential.

Product Features

- Genuine Sugatsune Olympia glass door face plate
- Designed for tempered glass doors
- Compatible with Sugatsune Olympia Concealed Hinge Series
- Chrome plated finish
- Provides a secure hinge mounting point
- Durable, corrosion-resistant construction
