

Concealed Rose Fixing Pack for 19mm Pull Handles – Satin Stainless Steel

Variant code: DH002.SSS

The **Concealed Rose Fixing Pack** is a high-quality replacement fixing kit designed for use with **Grade 304 stainless steel pull handles**. Featuring **2 push-on roses**, this fixing pack provides a neat, concealed mounting solution that enhances the appearance of pull handle installations by hiding visible fixings. Finished in **Satin Stainless Steel (SSS)**, it coordinates perfectly with contemporary stainless steel pull handles and architectural hardware.

Designed for reliability and ease of installation, the concealed push-on rose system creates a clean, professional finish while allowing straightforward replacement of worn or damaged fixing components. The fixing pack is compatible with **19mm, 22mm and 30mm diameter Grade 304 stainless steel pull handles**, making it a versatile solution for maintenance, refurbishment and new installations.

Ideal for commercial, public and residential environments, the Concealed Rose Fixing Pack offers a durable, low-maintenance solution that restores or completes pull handle installations while maintaining a premium architectural appearance.
