Din Euro Profile Mortice Nightlatch 72mm c/c, 60mm b/s - Satin Stainless Steel - Square Forends

Variant code: 2405.06.SSS

The **DIN Euro Profile Mortice Nightlatch** is a premium architectural lock designed to provide secure access control for commercial, residential and public buildings. Featuring **72mm centres** and a **60mm backset**, this high-performance lock is designed for use with Euro profile cylinders and compatible lever handles, delivering smooth operation, dependable security and long-lasting durability. Finished with a **Satin Stainless Steel (SSS)** SS304 forend, it complements contemporary architectural ironmongery.

Manufactured with a robust **90mm case**, the lock incorporates **SS304 stainless steel latchbolt and double throw deadbolt** for enhanced strength and security. It is supplied complete with an **anti-rattle strike** for quieter door closing and a **Grip Tight follower** to ensure excellent lever handle return. Available with **square or radius forend profiles**, the lock has been tested to **BS EN 12209:2003 Grade 3**, making it suitable for demanding commercial applications.

Ideal for new-build developments, commercial fit-outs and refurbishment projects, the DIN Euro Profile Mortice Nightlatch delivers reliable locking performance, certified quality and professional-grade durability for everyday use.
