

Polished Cast Brass Thread Escutcheon

Variant code: H39-B

Inset escutcheons are fitted into a keyhole and line it with brass. Generally used alone, an inset escutcheon provides the simplest approach to cleaning up the jagged wood edges of a keyhole.

Ideal for both the reproduction and the restoration of period antique living room furniture, such as desks, sideboards, and cabinets. As well as being suitable for bedroom wardrobes and chests of drawers, or bookcases and display cabinets.

Dimensions:

External: 19mm x 10.5mm

Internal: 16mm x 7mm

Material:

Solid Cast Brass

Finish:

Polished Brass
