

Domus Line AT6 ULTRA Plug & Play Power Cable with Closer Cap 2m – White

Variant code: F0001000015

The **Domus Line AT6 ULTRA Plug & Play Power Cable** is a dedicated connection accessory designed for the **AT6 ULTRA flexible LED silicone profile**. It provides the power connection required when configuring the AT6 ULTRA as part of a compatible furniture lighting installation.

The power cable measures **2000mm (2m)** in length and features a **Micro24 connector**. It forms part of the **AT6 ULTRA Plug & Play connection system**, allowing the lighting profile to be configured with compatible connection accessories without requiring the cable to be permanently integrated into the LED profile.

Designed specifically for the **AT6 ULTRA lighting system**, the power cable is supplied separately from the LED profile. The AT6 ULTRA system is available in a **white finish**, providing a coordinated solution for furniture and cabinetry lighting installations.

Product Features

- **Dedicated power cable for the AT6 ULTRA LED profile**
- Forms part of the **Plug & Play connection system**
- Features a **Micro24 connector**
- Published cable length of **2000mm (2m)**
- Designed specifically for the **AT6 ULTRA flexible LED silicone profile**
- Compatible with the modular AT6 ULTRA lighting system
- Supplied separately from the **AT6 ULTRA LED profile**
- Associated with the AT6 ULTRA system's **white finish**

Product Benefits

- **Plug & Play connectivity provides a straightforward power connection for compatible AT6 ULTRA lighting installations**

- **2m cable length provides flexibility when routing the connection between the LED profile and power system**
- **Micro24 connector provides dedicated compatibility with the AT6 ULTRA connection system**
- **Separate accessory format allows the required components to be selected according to the individual furniture lighting installation**
- **Designed as part of the same system as the separately available back-to-back connector and end cap**

Technical Characteristics

- **Product Type:** LED Profile Power Cable
- **Compatibility:** AT6 ULTRA
- **Connection System:** Plug & Play
- **Connector:** Micro24
- **Cable Length:** 2000mm / 2m
- **System Finish:** White
- **Accessory Type:** Power Connection
