

Domus Line MAGY Micro Adjustable Round Spotlight – Track Mount – 1W – Super Warm White 2700K – Black

Variant code: F0329000002

The **Domus Line MAGY SPOT-R Adjustable Round Micro LED Spotlight** is a compact magnetic spotlight designed specifically for the **MAGY electrified track system**. Featuring a **round design** and adjustable symmetrical light projection, it allows light to be directed precisely where required within furniture and shelving applications.

The spotlight uses a **1W single-colour HP (High Performance) LED**, producing **70 lumens** of Super Warm White light at **2700K**. With a **20° beam angle** and **Ra 90 colour rendering**, the SPOT-R provides focused illumination and is particularly recommended by Domus Line for lighting inside wardrobes or beneath shelves.

The MAGY SPOT-R attaches directly to the electrified track through **magnetic contact**, allowing quick installation and easy repositioning anywhere along the track. Its power supply connection is integrated into the attachment and features **reverse polarity protection**, allowing the spotlight to be connected in either orientation without polarity constraints.

Product Features

- **Round magnetic micro LED spotlight** for the MAGY system
- Features **adjustable symmetrical light projection**
- Magnetically attaches to the **MAGY electrified track**
- Can be positioned **anywhere along the track**
- Uses a **1W single-colour HP (High Performance) LED**
- Provides **Super Warm White 2700K** illumination
- Produces a luminous flux of **70 lumens**
- Luminous efficiency of **70lm/W**
- High colour rendering of **Ra 90**
- Focused **20° beam angle**

- Integrated power connection with **reverse polarity protection**
- Can be connected to the track in **either orientation**
- **Non-dimmable** LED light source
- Supplied in a **black finish**

Product Benefits

- **Adjustable spotlight allows light to be precisely directed towards the required area**
- **Magnetic track mounting enables quick installation, repositioning and removal without a fixed lighting position**
- **2700K Super Warm White light with Ra 90 colour rendering provides warm, high-quality illumination**
- Compact round design makes the spotlight particularly suitable for **integrated furniture lighting**
- **20° focused beam** provides directional accent lighting within furniture and shelving
- Reverse polarity protection allows connection in **either orientation on the MAGY track**
- Can be repositioned anywhere along the electrified track as **lighting requirements change**

Technical Characteristics

- **Product Type:** Adjustable Magnetic Micro LED Spotlight
 - **System:** MAGY
 - **Model:** SPOT-R
 - **Shape:** Round
 - **Installation:** Magnetic Track Mount
 - **Power:** 1W
 - **Power Supply:** 24VDC
 - **Light Source:** Single-Colour HP LED
 - **Colour Temperature:** 2700K Super Warm White
 - **Luminous Flux:** 70lm
 - **Luminous Efficiency:** 70lm/W
 - **Colour Rendering Index:** Ra 90
 - **Beam Angle:** 20°
 - **Light Projection:** Adjustable Symmetrical
 - **Dimmable:** No
 - **Connection:** Magnetic
 - **Reverse Polarity Protection:** Yes
 - **Finish:** Black
 - **Power Supply Included:** No
 - **Energy Efficiency Class:** E
-

Applications

The **Domus Line MAGY SPOT-R Adjustable Round Micro LED Spotlight** is designed for focused lighting within furniture installations using the **MAGY electrified track system**. Domus Line particularly recommends the spotlight for **inside wardrobes and beneath shelves**, where its adjustable **20° light projection** can be directed towards specific areas. Its magnetic attachment also allows the spotlight to be quickly repositioned along the track as the lighting arrangement changes.

Property	Value
Finish	Black
Voltage	24VDC
Colour	Super Warm White
Installation Type	Magnetic Track Mount
Power Rating (W)	1
Colour Temperature	2700K
Luminous Flux	70lm
Luminous Efficiency	70lm/W
